

First Look, Javier Calleja

Hand-Finished Edition of 70 | 80 x 60cm | €9,000

Spanish artist Javier Calleja's candid, glassy-eyed portraits have seen him amass a dedicated following of fans and collectors around the world.

First Look is one of three editions launching in June 2021, each one an entirely new composition incorporating the artist's distinctive character stylings and irreverent slogans.

Javier selected Spanish print house Gravura to create the edition. Their proximity to his studio allowed him to work closely alongside master printer Paco Aguilar throughout the production process.

The edition of 70 is printed on 300gr off-white Arches Velin paper, combining a traditional soft ground etching using a copper plate with unique hand-finished elements in pencil and watercolour that mean no two pieces are the same. Each piece is signed, dated and numbered by the artist.

Launch Details

Please note that this will be an invite only launch. All collectors will be required to agree to a resale agreement, Certificates of Authenticity will be dispatched 6 months after launch and each customer is limited to a single piece from the edition.

Framing

The edition can be ordered float mounted in a light-coloured, natural wooden frame with an integrated hanging system to allow flush installation, and UV plexiglass for protection.
